

Sanket Ghosh

+91 8537087644 sanketghosh50@gmail.com [LinkedIn](#) [Github](#)

Education

Institute of Engineering & Management(IEM), Kolkata

B.Tech in Computer Science & Engineering

2022 – 2026

CGPA: 9.12/10

Panchberia RCSS Mandir, Ghatal

Higher Secondary School

April 2020 – March 2022

WBCHSE: 96 / 100

Panchberia RCSS Mandir, Ghatal

Primary School, High School

January 2014 – March 2020

WBBSE: 95.86 / 100

Experience

Humanizetech.ai

AI Practice Intern

Jan 2025 – May 2026

Remote

- **Supervisor:** [Subhasis Chakraborty](#) ([Letter of Internship](#))
- Developed agentic workflows using LangGraph and Claude Code, coordinating tools, retrieval, and long-running async steps.
- Built FastAPI services and background workers for large, heterogeneous document processing with AWS integrations.
- Implemented context memory and prompt templates with LangChain; added vector search using Chroma for fast retrieval.
- Delivered end-to-end, tool-integrated document pipelines (upload → parse → RAG → summaries) with asynchronous execution.

Bair.ai

Software Developer Intern ([Certificate](#))

July 2024 – Dec 2024

Kolkata, India

- Developed LSTM + meta-learning workflow combining CoinGecko market data with public sentiment (X, Telegram, Reddit).
- Produced signals for memecoins with predicted uptrends over 3/5/7-day horizons.
- Built data ingestion and preprocessing for multi-source time series and text.
- Supported feature engineering and evaluation for short-horizon forecasting.

Generative AI CoE, IEM

Student Industry Lead at [GenAI CoE](#)

Nov 2024 – Present

Kolkata, India

- Come up with industry oriented project ideas and guiding junior students in getting a first hand industry level experience.
- Launched [ReelBook](#), a pioneering initiative to teach AI fundamentals through concise, engaging video content.

Innovation & Entrepreneurship Development Cell (CSE)

Undergraduate Research Assistant

March 2024 – August 2024

Kolkata, India

- Co-authored a research paper accepted at IEM-HEALS 2024 – Analyzed Jul 2019–Dec 2022 closing prices of 20 pharma stocks using multivariate regression, volatility metrics, and event-study methods.
- Developed a real-time stock trading simulation platform, TraderBot, using Flask for backend trade logic and MongoDB for data persistence.
- Integrated Yahoo Finance API to fetch live market data, allowing users to simulate trading strategies, test portfolio management techniques, and analyze stock movements without risking actual capital.

Technical Skills

Programming Languages: Python, Java

Machine Learning & AI Frameworks: TensorFlow, PyTorch, Scikit-learn, Keras, SHAP, LIME, Transformers, FastAPI

Data Analysis Tools: Pandas, NumPy, SciPy

Database Management: MySQL, PostgreSQL, MongoDB

Cloud & Big Data: AWS (S3, EC2, SageMaker), Google Cloud (BigQuery, Compute Engine)

Research Tools: LaTeX, Jupyter Notebook, Git, Docker

Visualization Tools: Matplotlib, Seaborn, Tableau

Projects

Hirely : Agentic AI System for HR Automation ([GitHub](#)) **March 2025**

- Built an AI-powered recruitment automation system using ChromaDB and Mistral LLM for CV screening, candidate search, interview scheduling, and real-time insights, streamlining HR processes.

Pizzamania : Agile Management Using Jira ([GitHub](#)) **November 2024**

- Developed an online pizza ordering system with agile methodology, featuring customization, real-time tracking, and secure payments for enhanced user experience.

HealthHub ([Documentation](#)) **February 2024**

- Designed an e-commerce platform for health products with product management, shopping cart, and secure payments to improve wellness access.

MATLAB Project : Number Guessing Game ([GitHub](#)) **November 2023**

- Created an interactive MATLAB number guessing game using App Designer, with real-time feedback, score tracking, and dynamic UI.

Volunteering

GenSpark 1.0 Ideathon 2025 **June - August 2025**

- Organized the [first Ideathon](#) under GenAI CoE, IEM, promoting innovation and collaboration among participants.
- 50+ teams participated, 3 funded ideas from finalists.

IEM-ICDC 2025 **April 2025**

- Volunteered for [IEM-ICDC](#) (3rd International Conference on Computational Intelligence, Data Science and Cloud Computing) 2025, assisted with event coordination and support for the conference.
